**December 2021**

***A letter from Rob,***

With the holidays quickly upon us, we at the **Mountain Laurel Chamber of Commerce (MLCC)** are reminded of the blessings received this year both from within and outside of the organization bringing success to members and mission of the **MLCC**. Our core programs and events have exceeded goals; our membership has grown; the new and returning members of the board of directors are diverse, committed and energized to take and explore new direction for the **MLCC**.

None of these observations would have taken shape without the presence and commitment of time and resources to **MLCC** from the members of the Board of Directors working **BETTER TOGETHER**. Outside observers do not understand that being a member of our Board of Directors costs money from the pocket of the member to guarantee the events and programs offered by the **MLCC** which costs are not recovered. Each member of the board of directors also commits their time and participation in events and planning outside of the meetings attended each year. I hold up to all our readers, as exceptional persons **Tom Guiher** of **Living Treasures Wild Animal Park** who has been with the chamber since its inception, **Barb Skinner** of the **Christian Family & Children's Center** also with the chamber since its inception. **Shari Bukovac** of **Shari Bukovac Bookkeeping**, **Jamie Stilley** of **Amerikohl Mining**, and **Roxanne Kern** of **See-Mor's All Star Grill**, all of whom have been with the chamber for more than 15 years. **Deanna Richter** of **LHTC Broadband**, **Mark Hughes** of **Hughes Physical Therapy** and **Tammy Shawley** of **Seven Springs Mountain Resort** all who have been with the chamber for more than 10 years. **Juliann Brown** of the **Trenthouse Inn** and **Josh Crowe** of **Berkshire Hathaway HomeServices The Preferred Realty in Donegal** both of whom have been with the chamber for more than 5 years. These individuals have all been with the chamber in different roles for many years. All of these business leaders have enabled and assisted the staff responsible for and seen as the face, energy and deliverers of services of the **MLCC** to each of you as members.

**Kris Enberg**, as the chief operating officer of the **MLCC** for more than 20 years has contributed many of the creative ideas and energy for and the substance of the services and events you now experience, enjoy and employ for advancement of your business as a member of the **MLCC**. At her elbow giving assistance with execution of all that our members enjoy is **Stefanie Cramer**, who you often have seen in the office for over 4 years. None of what we know and identify as the **MLCC** would exist without these two committed and kind persons.

It is not often enough that recognition of those within and behind the scenes get the spotlight of deserved recognition. Before saying thank you to anyone serving or being served by the **Mountain Laurel Chamber of Commerce**, these board and staff members, who personify the theme of **BETTER TOGETHER**, deserve to be recognized in this season of thanksgiving. Please take a moment to say thank you to these persons when you speak with them as it deserved and will be most appreciated by them.

Sincerely,

**Robert W. King**

**Q** My neighbor told me that he would pay me to build a fire pit for him in his yard, so I built it and he is refusing to pay me now? We didn't have a written contract, so do I have any legal options?

**A** Yes, you do. When there is no written contract and a person provides a benefit to another person, without receiving any compensation in return, the person who provided the benefit may have an "unjust enrichment" claim. Unjust enrichment allows someone to recover the value of the benefit, such as goods or services, given to the other person, if the person receiving the benefit unjustly retains it without providing compensation in return. It is always important for people to memorialize any agreement in a written contract drafted by an attorney, because a breach of a contract is easier to prove, but you may have legal remedies even if you did not do so. On the other hand, if someone provides a benefit to another person that is intended to be a gift, compensation won't be warranted.
