**April 2021*****A message from Rob,***

As noted in this space over the last months, business activity for members of the **Mountain Laurel Chamber of Commerce (MLCC)** has rebounded and significantly increased in some industries from the holiday and winter visitor traffic. Now members have new demands to meet with the escape from our Governor's Covid limitations. MLCC members focused in the real estate market, particularly, **Al Meucci Real Estate, BHHS The Preferred Realty and Highlands Resort Realty**, reported the sales of almost all properties in their inventory and their need to pursue efforts to recruit new listings from owners of structures and unimproved land, for their clients fleeing the cities for the country lifestyle supported and encouraged every day in every season here by the members of the **MLCC**.

Members of the **MLCC** operating in the industries focused on harvesting, transporting, supplying, and processing of local natural resources, particularly, **Amerikol Mining, C&D Firewood & Logging, Champion Lumber Company, LCT Energy, LP, Luther P. Miller, Inc., and Robindale Energy & Associated Companies** are experiencing overwhelming demand and rarely seen price levels. Timber prices are at a 20 year high, as are building supplies and components, which are moving and selling faster than they can be processed and delivered. **MLCC** members, **AA Septic Tank Service, Appalachian Fluid Power, Cenknor Engineering, Dipaola Quality Climate Control, Expert Paving, Hemminger Homes, JM Mountain Top Heating, K2 Engineering, Laurel Mountain Homes, Milton Neiderhiser & Sons, Inc., Ridgeline Heating & Cooling Inc., Ritenour Lumber Company, Steele Construction Inc., Steve Ritenour Excavating, Surge Water Conditioners, Top Septic Service and Tri County Home Improvements**, who are providing new and rehabilitation of dwellings, and sales of manufactured structures are reporting that delivery and construction starts are now being booked at the earliest for dates in 2023, marking a return to strength of the legacy businesses now in the **MLCC**.

The additional media advertising offered through the **MLCC** in partnership with **LHTC Media**, particularly, **The Gateway to the Laurel Highlands Advertising Flyer, Fun Map, Website and Facebook page**, together with the ongoing **MLCC Virtual Job Fair** sponsored by **Josh Crowe, BHHS The Preferred Realty** will augment and assist **MLCC** members ability to meet business demands and enable the members using the services to increase awareness of the opportunities and products each offers to meet this surge of demand from the public arriving daily. I again encourage our members to make use of the **MLCC** media products and print advertising products and our business enhancement tools and products that Kris and Stef, at **MLCC**, with our supporting contractors, can help you use to increase the success of your business.

**Sincerely,****Robert W. King****MLCC President****King Legal Group, LLC**

The **Mountain Laurel Chamber of Commerce** wishes to congratulate **Owen Show**, from **Springfield CNP Elementary School**, for being the recipient of the **March 2021 Student of the Month Award**, sponsored by **LHTC Broadband**.

Photo : Owen Show, Student

Owen concentrates on his classes in school and always does his best on his assignments. He is very conscientious about checking his grades for his classes. He is helpful to other students in class if they need help on an assignment.

Owen is also a very active student outside of school. He plays basketball, hockey, baseball and he loves to ski. He tells me how he builds things on his deck so he and his little brother can always be doing something active.

# YOUR OPPORTUNITY TO ASK THE ATTORNEY

**Q**

What option would you recommend I choose on my automobile insurance policy? Full tort or limited tort?

**A**

Although a little bit more expensive, I always recommend that drivers choose the full tort option on their automobile insurance policy. The difference between the two options is significant. For example, if you are injured in a car accident, a full tort policy allows you to collect for not only medical expenses and wage loss, but also pain and suffering, which can be a substantial sum of money. Under a limited tort policy, you cannot collect for pain and suffering unless you suffer a "serious injury," which can be defined as death, a "permanent serious disfigurement," or a "serious impairment of a body function," which can be difficult and costly to prove in court. With limited tort, you also have significantly less leverage negotiating a settlement with the insurance company, as the insurance company knows the difficulty and high costs that can be associated with proving a "serious injury" to obtain pain and suffering.
