April 2022

## *A letter from Rob*

For member businesses in the **Mountain Laurel Chamber of Commerce (MLCC)**, I wrote in this space last month of anticipated accelerated business growth from the chamber members being **BETTER TOGETHER** and noted as support for the prediction the recent arrival of a national company focused on the ski operations of **Seven Springs Mountain Resorts**. Now there is commencement of construction on State Route 31 in Donegal at the new traffic light across from **PNC Bank** next to the **Christian Family & Children's Center/Champion Christian School, McDonald's, Dairy Queen**, and the **Days Inn** of a new Donegal store of **SHEETZ, Inc.** This new Sheetz store expands the Sheetz footprint into the area served by the business members in the **MLCC** as an Altoona based company operating 600 convenience stores, with 21,000 employees and a leading finalist in the current USA TODAY National Competition for 10 Best Regional Fast-Food venues voted upon in the Readers' Choice Competition. This new business was attracted in great part by the adoption of a resolution by the Donegal Township Supervisors updating the community plan for sewage treatment in the township as required by statute of all municipalities in Pennsylvania.

The action of the supervisors, required by law assigned for enforcement by the Commonwealth of Pennsylvania, Department of Environmental Protection, allows businesses the opportunity to employ holding tanks to address sewage needs until the creation and building of a public community sewage treatment plant. A public sewage treatment plant is projected for construction in the foreseeable future with the initial purpose to address sewage needs for businesses around the turnpike interchange. The **MLCC** actively backs such development as part of its purpose of encouraging, supporting, and seeking means to advance development of business.

Such business development of new and the existing member businesses within the **MLCC** is in significant part made possible though this coming utility infrastructure expansion demanded by the Department of Environmental Protection, of the Commonwealth of Pennsylvania, of the Donegal Township Supervisors. This action will provide the largest impetus to business acceleration for existing and potential members businesses of the **MLCC** in more than four decades.

With a complete utility infrastructure, including reliable public water supply, commercial sewage treatment, high speed digital services through **LHTC Broadband** and electric service, around the new and improved road system now available to the businesses served by and comprising membership of the **MLCC**, we are **BETTER TOGETHER** and look forward to expansion, use and enhanced marketing of our member businesses. Make use of the specialized marketing, graphic and digital products arriving shortly to assist member business presentation in various outreach mediums. The staff of **MLCC** is only a call or email away so please reach out to the office on State Route 31 in Jones Mills, Pennsylvania, with questions and marketing needs.

Sincerely,

Rob King

## Lower Communication Service Rates Available for Customers Who Qualify for Lifeline

LHTC Broadband administers a program to help make communications services more affordable for eligible low-income customers. This federal program is called Lifeline, and it lowers the monthly cost of phone or Internet service. Eligible customers will receive a monthly credit toward their bill. Lifeline is a **government assistance program**. Lifeline is non-transferrable to another person or household. To see if you qualify, visit [www.checklifeline.org](http://www.checklifeline.org) or stop by your local LHTC Broadband office. You are only allowed to get one Lifeline benefit per household, not per person. If you qualify, your household can get one Lifeline benefit for phone or Internet service, but not both. To get a Lifeline benefit for your Internet service, your Internet speed must be at least 25/3 Mbps. Your household cannot get Lifeline from more than one company.
